### **witches werewolves and fairies shapeshifters and astral**

**May 26th, 2020 - witches werewolves and fairies is a fascinating if tough to read account of the appearance throughout the middle ages of strange and often frightening creatures that represented the astral soul or the double the roots of this belief in a soul twin or double that can manifest animal or fairy form and do things only a supposed witch could do predates christianity"witches werewolves and fairies books**

May 22nd, 2020 - monsters werewolves witches and fairies remain a strong presence in our stories and dreams their roots predate christianity and are widespread over western europe the author s extensive analysis of western european legends reveals an almost fotten religious concept that every individual owns three souls and that one the double can leave the physical body to journey where it chooses'
