**Three identical blocks connected by  
ideal strings are**

December 27th, 2019 - Three identical  
blocks connected by ideal strings are  
being pulled along a horizontal  
frictionless surface by a horizontal  
force  $F$  The magnitude of the tension in  
the string between blocks B and C is  $T = 300\text{ N}$   
Assume that each block has mass  $m = 400\text{ kg}$   
What is the magnitude  $F$  of the

---

force What is the tension  $T_{AB}$  in the'

**De novo gene birth Wikipedia**

November 22nd, 2019 - De novo gene birth is the process by which new genes evolve from DNA sequences that were ancestrally non genic De novo genes represent a subset of novel genes and may be protein coding or instead act as RNA genes The processes that govern de novo gene birth are not well understood although several models exist that describe possible'
