May 20th, 2020 - leave it in the ground the politics of coal and  
climate employing scientific explanations and hard data this book  
shows why coal is such a problem how the pro coal forces got to be  
so powerful and how those forces might be defeated through  
political activism examines scientific data to provide a clear  
explanation in layman s terms of the relation of coal to climate  
change'' *c h becksvoort for woodworkers*
