europe parative perspectives**

May 6th, 2020 - religious
practices and their
transformation are crucial
elements of migrants identities
and are increasingly politicized
by national governments in the
light of perceived threats to
national identity as new
immigrant flows shape religious
pluralism in europe longstanding
relations between the state and
church are challenged together
with majority faith traditions
and societies ways of'

**'religion and the public sphere
sociology oxford**

June 3rd, 2020 - the revival of
religion in the public sphere
confounds a widely held
assumption among modern social
and political theorists namely
that religion would wither as a
feature of public life as
societies underwent a process of
modernization and where religion
continued to exist at all it
would be confined to the private
domestic sphere and that of
individual belief'
