Hospital across local and
national media outlets'
'Principles of
Epidemiology Lesson 6
Section 2 Self Study
May 10th, 2018 - In the
outbreak setting the

investigators would need to specify time and place to complete the outbreak case definition For example if investigating an epidemic of meningococcal meningitis in Bamako the case

definition might be the
clinical features as
described in the box with
onset between January and
April of this year among
residents' 'Angela Aguilar
