**biosphere 2 what really
happened dartmouth alumni
magazine**

June 5th, 2020 - several months
in we realized our oxygen levels
were falling rather than throwing
in the towel by pumping oxygen
into biosphere 2 we decided to
study the problem and how it
affected us after 16 months our
oxygen level had dropped from

20 9 percent to 14 2 percent the equivalent of living at a 15 000 feet elevation'

'13 more things that saved apollo 13 universe today

May 25th, 2020 - things had gone real well up to at that point of 55 hours 54 minutes and 53 seconds mission elapsed time said apollo 13 astronaut fred haise as he recounted the evening of april 13 1970'

'all shows oxygen official site
