May 21st, 2020 - in mathematics a curve  
also called a curved line in older texts is  
an object similar to a line which does not  
have to be straight intuitively a curve may  
be thought as the trace left by a moving  
point this is the definition that appeared  
more than 2000 years ago in euclid s  
elements the curved line is the first  
species of quantity which has only one  
dimension namely length'
