*May 21st, 2020 - David Quammen explores this question in his new book *The Chimp and the River*. Quammen is a well known science writer whose previous book *Spillover* attracted a great deal of critical praise. This book began as a chapter within that work which he has expanded upon. The strength of this work is the clarity of his writing'*

'The Chimp and the River: The Origin Story of HIV

May 24th, 2020 - I have read many books on different facets of HIV and for the most part have found value in all of them. The latest HIV book I read, *The Chimp and the River*, shows how AIDS emerged from an African forest. By David Quammen. Wasn't a new book in the strict sense but an adaptation of a part of his earlier must-read book *Spillover*." **Staff View for *The Chimp and the River*: How AIDS Emerged**

March 29th, 2020 - APA citation: Quammen, David. *The Chimp and the River: How AIDS Emerged from an African Forest*. MLA citation: Quammen, David. *The Chimp and the River: How AIDS Emerged from an African Forest*. Print. These citations may not conform precisely to your selected citation style'

'*The Origins of AIDS: From Patient Zero to Ground Zero*

May 21st, 2020 - The HIV/AIDS pandemic has so far caused about 35 million deaths while 34 million individuals currently live with HIV. Even if this will have no impact on the course of the epidemic, understanding the factors that allowed the successful emergence of HIV-1 is important. First as a moral obligation towards the victims, but also to draw lessons that could ultimately help mankind avoid facing'

'SciBlogs Book Review: *The Chimp and the River*

May 24th, 2020 - In a clever marketing move, two chapters from the book have been republished and expanded as stand-alone books: *Ebola: The Natural and Human History* (2014) and *The Chimp and the River: How AIDS Emerged from an African Forest* (2015). I've devoured both books and I'm now champing at the bit to read the rest of *Spillover*." **AIDS epidemic began in Cameroon in 1908, says *Chimp and***

May 27th, 2020 - David Quammen traces the history of AIDS in his new book *The Chimp and the River*. He says AIDS began in Cameroon around 1908 when a hunter in the rainforest was infected by a chimp he killed." **Edward Hooper: AIDS and the Polio Vaccine: New Evidence**

May 24th, 2020 - Edward Hooper (LRB 3 April) accuses me of having prepared that an oral polio vaccine in chimpanzee cells contaminated with an HIV-related virus in February 1958. I have already categorically denied this in an article published in the *Transactions of the Royal Society* in 2001. The new evidence cited by Hooper consists of interviews with two persons said to be former technicians in my lab in'
