'data storage lifespans how long will media really last
May 31st, 2020 - i ve seen numbers saying the lifespan
of floppy disks is three to five years but i ve also
seen numbers that claim they can last ten to twenty
years or even indefinitely of course since floppy disks
utilize magnetic storage not unlike tape it s safe to
say that eventually the magnetism will wear out around
the same time a tape s would ten to twenty
years''buckingham palace shop on instagram angela kelly
