'what is property law oxford journal of legal studies

March 18th, 2020 - spanish law provides a stark contrast to german law and its trennungsprinzip and not just because it includes a far wider range of things within property law than german law does 40 primarily the contrast flows from the fact that spanish law operates a numerus apertus instead of a numerus clausus of property rights 41 this means that private individuals may create new property rights'
