Educational Research Educational Psychology

April 30th, 2018 - Every individual has their own beliefs about the best way to teach How do they know that their beliefs are correct though Is it possible to support your beliefs with more valid evidence than just that you believe it to be true it is true from your personal experiences or that an expert said that it is true' **'ERIC Conducting Educational Research 1972**

March 30th, 2018 - Research is a useful tool for educators because of its ability to uncover causal relationships between variables that are often obscured in field investigations This textbook presents basic methodological information that has been designed for and proven to assist the educator who seeks to move himself from the laboratory to the field'
