'Keyline Design Keyline Water Management

April 29th, 2020 - Keyline design was first developed in the late 1940 s by Australian mining geologist and engineer P A Yeomans He developed several farm properties with the goal of flood and drought proofing them His focus was on accelerating the formation of topsoil by improving the soil penetration of oxygen water and plant roots''P A Yeomans

April 28th, 2020 - Percival Alfred Yeomans 1905 November 1984 was an Australian inventor known for the Keyline system for the development of land and increasing the fertility of that land As a mining engineer and gold assayer Yeomans had developed a keen sense of hydrology and equipment design Upon his brother in law s death

in a grass fire Percival Alfred
Yeomans assumed management of a large
tract of '**Water For Every Farm Yeomans
