**May 31st, 2020 - engineering is and always has been the lifeblood of civilisation from the flint hand axe to the quantum puter it
has transformed what it is to be human across the ages engineering has made the world less violent a place with much less
poverty disease and starvation where a growing majority of people can read and write and more people than ever have the
freedom to build the life they'**

'lord john browne author of make think imagine

**February 27th, 2020 - i m not saying to you that the engineering rules the world fet everything else that s naive but i was i would
say to you that you have to think about this and it s really important because it will shape the future of the world as it has in the
past and look what happened in the past and it will shape the future and you have to be part of that and a lot of people want to
check out they don'**
