## *the 13 months of the celtic tree calendar*

*June 2nd, 2020 - the celtic tree calendar is a calendar with thirteen lunar divisions most contemporary pagans use fixed dates for each month rather than following the waxing and waning lunar cycle if this was done eventually the calendar would fall out of sync with the gregorian year because some calendar years have 12 full moons and others have 13 the modern tree calendar is based on a concept that'*
