'summit reboot healthcare  
March 29th, 2020 - the healthcare  
system is massive and plex making  
it all too easy to focus on  
resolving issues that do not  
resolve problems the people of  
healthcare face on a daily basis  
we re convening the summit so  
healthcare stakeholders can  
reflect on their needs discuss  
their challenges and collaborate

---

to re think re design and re  
build a system' '12 ways to avoid  
hormone disrupting chemicals in  
everyday

May 31st, 2020 - it s important  
to do what we can to avoid them  
but at the same time we can t  
shop our way out of the problem  
we need real chemical policy  
reform ewg researchers piled the  
new dirty dozen list by scouring  
the scientific literature and  
identifying the most hazardous  
and widely used hormone  
disrupting chemicals that pollute  
the environment and ultimately

---

---

our bodies' 'innovating healthcare  
in america s12 ep11 killer  
May 20th, 2020 - his new book we  
can fix healthcare in america  
posits a future with twelve  
disruptors of the demise of the  
old healthcare book overview we  
can fix healthcare the future is  
now dr stephen klasko proposes an  
extraordinary even science  
fiction event where a no blaming  
conversation about the healthcare  
system leads to provocative ideas  
for disruption that allow  
everyone to see that'

era of trump an  
May 15th, 2020 - changing the  
reality of healthcare won t be  
easy but it can be done we are  
already seeing 12 disrupters that  
enable transformation disrupters  
that transcend politics i propose  
that we get over ourselves and  
for democrats and republicans  
alike to agree on 12 disruptors  
for the demise of the old

---

---

healthcare what are these  
disrupters'

'2018 the year that disrupted the  
healthcare supply chain

March 19th, 2020 - the healthcare  
industry is being disrupted by  
many forces this research  
identifies the top 10 disruptors  
of 2018 and how supply chain  
leaders can develop a winning  
supply chain strategy in a  
rapidly changing market'

'we can fix healthcare the future  
is now by stephen k klasko

May 31st, 2020 - as a result of  
this bending of the time space

---

---

continuum even democrats and republicans find they can collaborate on 12 disruptive transformations built on 100 interviews from every part of the system dr stephen k klasko proposes an extraordinary even science fiction event where a no blaming conversation about the healthcare system leads to an optimistic new future''for the sake of doctors and patients we must fix hospital

May 27th, 2020 - for the sake of doctors and patients we must fix hospital culture july 12 2019

---

---

when hospitals fail to create a culture where doctors and nurses can speak up patients pay the price say blair bigam and amitha kalaichandran''digital healthcare what are the opportunities  
huffpost

May 12th, 2020 - digital disruption and transformation within the healthcare profession is a hard trend something that will happen something we can count on seeing in the future but these developments aren't exactly futuristic far off advancements we're starting to see them in our

---

---

everyday lives and they're already improving the quality of healthcare we as patients can expect to receive'

'the disruptors 10 innovative and irritating stock picks

March 28th, 2020 - the idea of disruptors single companies that usually quickly change the landscape of an entire industry or sector isn't new Henry Ford and Ford Motor Co revolutionized automaking in the early 1900s Phil Knight's Nike forever altered the athletic shoe industry in the process these and

---

---

other similar game changers were  
colossally successful stock picks  
shooting higher year'

conversation about the healthcare system leads to provocative ideas for disruption that allow even democrats and republicans to see that they can'

'avoiding hormone disruptors in your home with dr lindsey

April 19th, 2020 - on today s episode of the spa dr podcast we are discussing how to avoid hormone disrupting chemicals in your home my guest is dr lindsey berkson who has been a leader in functional medicine and women s health care for decades she was a scholar at an estrogen think tank

---

---

at tulane university where she worked'

**'12 causes of hormonal imbalance so you can fix it**

May 8th, 2020 - we should be limiting and reducing our consumption of sugars and refined carbohydrates when and where we can for over all health however when dealing with a hormone imbalance it is important to get our blood sugar levels under control and somewhat steady primarily by reducing our sugar intake'

---

---

**'using science fiction to fix  
healthcare dr stephen**

December 7th, 2019 - here are the  
12 disruptors outlined in we can  
fix healthcare now in full thou  
shalt look at healthcare as a  
team sport and develop a system  
that is both user friendly and  
delivers value'

**research and  
mentary hormones matter**

May 27th, 2020 - women social  
entrepreneurs can fix the  
diseased healthcare system as  
women we deal with a plenitude of  
health issues that disrupt our  
lives when we seek to enlist

---

---

medical help for our problems we enter a healthcare system that itself is diseased seeking treatment bees an ordeal to find accurate diagnoses and skillful care providers'

**'women social entrepreneurs can fix the diseased healthcare**

*May 21st, 2020 - we know our symptoms intimately and with a degree of accuracy that can be of great value to advances in women s healthcare the stories of our bodies are rich with evidence evidence of great value to*

---

---

science if science were only more  
receptive to our specific needs  
if science's gaze were less  
testosterone driven'' **7 deadly  
disruptors healthy substances  
that actually**

May 29th, 2020 - the deadly  
disruptors takeaway unfortunately  
we've unleashed a total shock to  
our normal operating system over  
the last 50 years or so by living  
with these disruptors the good  
news is we can move past them if  
we make wise decisions and do our  
best to avoid them'' **ep242 the  
price we pay what broke american**

---

---

## **health care**

May 5th, 2020 - 09 29 how everyone can work toward changing this at the individual level 11 23 have a conversation with your hospital 12 59 marty s advice to hospital administrators and board members 16 56 we can restore honesty in health care 17 01 how billing practices happen unbeknownst to hospital leaders''7 **benefits of positive disruptors the people group**

May 25th, 2020 - positive disruptors are good for anizations they see opportunities

---

---

*for improvement everywhere while participating on a non profit board conference call we were asked to offer up qualities we brought to the anization most of the qualities the board members gave were good qualities innovator leader cheerleader plus many more'*

**'31 overing existential risks by the disruptors**

**May 15th, 2020 - daniel schmachtenberger the neurohacker is the co founder and director of research and development at the neurohacker collective where he**

---

is focused on developing processes and technologies for advancing medicine and human optimization and hosts a podcast exploring those topics daniel is particularly focused on personalized medicine adequate approaches to plex illness and deepening'

'we can fix healthcare the future is now stephen k

May 28th, 2020 - we can fix healthcare the future is now is a powerful prescription for transcending the grinding inertia

---

---

and spiraling costs of our healthcare system with personal interviews of everybody from sick patients to hospital executives and with an imagined rallying across our otherwise deadlocked political spectrum''

**the disruptors on apple podcasts**

**May 4th, 2020 - in our wide ranging conversation we cover many things including the reason billionaires are planning for the inevitable apocalypse and why that s a big problem how broken the us political system is and how we can fix it the big issue**

---

---

with the stock market and venture  
capital and how we can reinvent  
business for the 21st century'  
'one more thing healthcare  
transformation

April 25th, 2020 - we talked to  
wonderful people while writing  
the new book we can fix  
healthcare in america the future  
is now 1 one powerful result of  
those conversations whether  
talking to wealthy families or  
community advocates or big time ceos  
was to name health disparities  
the 12th disruptor in steve  
klasko s list for the demise of

---

---

the old system'

'about dr klasko thomas jefferson
