May 13th, 2020 - magical seclusion is book three in the  
biomystic security bms series and they must be read in  
order in book three the structure of the previous books  
is changed slightly as instead of having a central case  
that takes over a majority of the book as the previous  
ones did this one ups the romantic relationship  
development giving it just as much attention as the  
goings on at bms if not more"magical redemption  
biomystic security book 4

June 4th, 2020 - one of my favorite things about this series  
is the detailed exploration of magic and the particular  
problem or case that laila and biomystic security happens  
to be dealing with for each book in this fourth book laila is  
driven to solve a serious threat and this is explored in  
detail which i really liked'
