May 24th, 2020 - the cramps
were an american garage

punk band formed in
sacramento california in
1976 the band was
influential in founding of
a hybrid subgenre later
known as psychobilly which
is a fusion of punk and

rockabilly their music is mostly in blues form played at varying though usually fast tempos with a very minimal drumkit an integral part of the early cramps sound is dual guitars'

May 14th, 2020 - porter
describes the cramps as ill
fitting outsiders even
within the early punk scene

that was both a blessing
and a curse and would
