'the political brain the role of emotion in deciding the
May 31st, 2020 - in the political brain the role of emotion in deciding the
fate of the nation by drew westen contends that when it es to politics
human beings are not rational thinking individuals instead we are
manipulated by campaigns that use our emotions instead of rationala
aguments he goes on to argue that one party the republican party does a
better job at playing with people s emotions then the democratic party
does becausethey believe as long as they have a coherent argument to talk
to the rational'
