quotes from last chance to see by douglas adams

May 16th, 2020 -

douglas adams quote from last chance to see i was feeling pretty raw about my own species because we presume to draw a distinction between what we call good and what we call evil we find our images of what we call evil in things outside ourselves in creatures that know nothing of such matters so that we can feel

*revolted by them
and by contrast
good about
ourselves'*
