'How Airbus can kill the Boeing 797 LeeHam News and Comment

October 2nd, 2018 - In contrast a Boeing MOM aircraft would be all new
and enormously risky if Airbus would respond with both an A321neo plus
plus and ?option 1? as described above in a pincer movement ? and
especially so if Airbus would have a first mover advantage ? all the
while with the 737 MAX not being replaced with a NSA which IMO is a
much more important and pressing issue for Boeing'

'STANDARD PARTS Federal Aviation Administration

October 17th, 2018 - outside the criteria for standard parts since
their specifications are not published To provide approvals under
which these groups of parts could be produced the FAA issued the
following Technical Standard Orders TSO TSO C148 Aircraft Fasteners'
